Even this year some preference has been shown to this District. The steps may and programme of works which should be completed this year in that case of any portion of the amount then the first Charge should be of unexpended grant already sanctioned

Proposals are likely to be received from this District Additional grants to Districts should perhaps be considered as a whole after proposals are received from other Districts

There should be some money kept to meet sudden & unforeseen demands that may arise in the course of the year of which only one month is past

A sum of 5000 Rs out of the reserve may be granted to Shimoga Town for simpt in addn to what it may allot out of the 10000 Rs sanctioned for the dist. I presume these grants are given outright so that what is not spent in one year can be spent afterwards. If so out of 15000 Rs sanctioned in 26-27, nearly 7000 Rs ought to be available for expenditure.

If they have not been outright grants hitherto, that by rules may be introduced at least now.

Draft is submitted. It is however submitted that the grant of 15% for Roads & Communications appears to be too much. The G.O. of 15th Sept 1926 as regards the heads for which the grants for Town Improvements have to be spent - Road Improvement works cannot be classed under this Category of works and the filling up pits, hillocks &c have to be met from the ordinary Road grants, also road works. Acquisition of properties may be classed under Town Schemes. But the Rules are required to provide for acquisition from the ordinary grants.

Before sanctioning the model grants, it seems necessary to know

2 The amount spent on sanitary work comes to Rs. 3,000/- of which, Rs 2,500/- was met from the Town Improvement Grant The works consisted of filling up of insanitary pits and hallows, removal of rank vegetation and draining pools Besides this, a permanent Kalihat Gang has been entertained since January 1928 under the supervision of a Maistry whose services were got from

Mysore These men are employed for works of a purely sanitary nature such as clearance of drains opening out conservancy lanes closing up pits levelling undulations and demolishing and levelling dilapidated buildings and buildings acquired by the Municipality The cost of this establishment has been debited to Municipal funds The cost of work turned out by the gang may be estimated at Rs 2 000/- It is proposed to employ an additional gang of 15 men with a Maistry during the current year and to meet the cost thereof out of the Town Improvement grant if possible

3 As regards the removal of congestion in the old town I am state that 132 houses and vacant lands have so far been acquired at a cost of Rs 14 640/- under the Land Acquisition Regulation and a programme for the current year for acquiring houses at an estimated cost of Rs 10 000/- has been drawn up and further action is being taken

The Deputy Commissioner,

Shimoga District.

S i r,

With reference to your letter No. M3.C 470/27-28 dated the 19th July 1928, asking for a grant of Rs.20,000/- exclusively for the Improvement of the Shimoga Town out of the grants for Town Improvements during the current year, I am directed to state as follows -

From the statement of works executed out of the Town Improvement Funds during 1926-27 and 1927-28, it is seen that a sum of Rs.9,164-11-9 was spent for acquisition of properties in 1927-28 and Rs.5,475-0-0 in 1926-27 The money for Land Acquisition, which is generally recoverable from the sale of sites in a series of years if not in one year, should generally be paid from the ordinary revenues of the Municipal Town Canal and should not be a charge on the Town Improvement Funds, unless it is shown that the ordinary revenues could not be the charge on account of extraordinary circumstances It is not known of any such circumstances existed in the present instance. The purposes for which the said fund should be utilised are indicated in this office Circular letter No.L.2362-9/M1.128-2 -21 dated 15th September 1924. It will be observed that the improvement of roads

9

It is hoped that this fund would be - - utilised only for works of permanent utility in the Town which are not a charge on the ordinary revenue of the Municipal Council What the works included in the items "other works" are, should also have been stated

Government would however consider the question of an additional grant of about Rs 5 000/- if a programme of works to be executed out of the grant for the year is sent Only works for which estimates are ready and which could be executed during the year without lapse of grant should be entered in the programme

I have etc
